Mission of the Irish-American Crossroads Festival

Founded in 2004 by Margaret McPeake and Hilary Flynn, the Crossroads Irish-American Festival promotes the discovery and understanding of the Irish experience in the Americas to ensure that the richness of the arts, culture, history and traditions of this heritage are both held in great esteem and preserved for generations to come. We achieve this mission through the production of events and projects that promote Irish-American culture and heritage with an emphasis on the Irish and Irish-American communities of the San Francisco Bay Area.
